Grace Pacific LLC

G P Roadway Solutions • GLP Asphalt

A SUBSIDIARY OF ALEXANDER & BALDWIN, INC.

www.GracePacific.com | (808) 674-8383

From a humble beginning of two brothers selling construction materials, Grace Pacific LLC (GP), over 90 years later, has grown to become a leader in Hawaii's paving industry with a total of over 600+ employees statewide. Growth over the years now includes affiliate companies providing aggregate, roadway solutions, signs, structural framing and hot liquid asphalt, all of which help contribute to the building of our island community. We have achieved the National Asphalt Pavement Association's (NAPA) Diamond status for continuous improvement for excellence in Hot-Mix asphalt plant/site operations.

Grace Pacific LLC includes asphalt paving and quarry aggregate production.

Locally Owned & Operated Since 1978

G P Roadway Solutions (GPRS) became part of the GP family in 2003 when it was acquired as SUN Industries. Its name was subsequently changed to reflect its GP affiliation. GPRS offers a broad range of products and services including safety equipment, traffic control devices/ services, custom and regulatory sign fabrication/ installation, and sales/design/installation of the Unistrut metal framing system. Its construction division erects and maintains highway guardrail and signage, and installs permanent fencing. More recently, the addition of protective coating applications, crack sealing, and parking lot sealcoating have enhanced the diversity of our products and services.

Asphalt Hawaii or asphalt terminal at Kalaeloa, receives, stores, and dispenses hot liquid asphalt and specialty asphalt mixes for our paving operations as well as for other customers. This company, established in 2006, is a partnership between Grace Pacific and Jas. W. Glover Holding Company.

Great People. Great Projects. Grace Pacific.

OUR VISION
