

# NSA Hawai'i Student Programs

Interested in working in the Intelligence Community supporting unique national-security missions? After graduation, do you want to stay in Hawai'i, work with amazing people and make a difference in the world?

The National Security Agency (NSA) offers competitive, high-paying local jobs for exceptional graduates. While you're a student, you can obtain a security clearance, earn real-world experience and see for yourself if the Intelligence Community is right for you.

Join the NSA Hawai'i Recruitment team as they provide details on the different internships for College students, and walk you through the hiring phases and security processing when pursuing an internship with NSA.
