

## Maintenance Service Technician (Entry Level)

The name WAIEA comes from the Hawaiian words "WAI" meaning water and "EA" meaning air hence our name Water of Air or "WAIEA." Together, our name reflects unity and life. Hawaii values community, caring for our land and sea, and wellness above all else. Our goal is to bring eco-friendly Atmospheric Water Generation to 1 in 4 homes in Hawaii over the next five years. By building conscious communities, we leave a brighter future for our Ohana.

We are looking for a Service Technician for our Oahu team. Our group performs maintenance, repairs, consultation, and installation regarding all aspects of our various air to water systems. All team members are expected to travel to the other islands to assist with projects as needed. No nights or weekends.

We provide a company truck, gas card, cell phone and all tools. This is an hourly position with competitive pay, paid health insurance for the employee (family plan available at a cost), nine paid holidays. After a 3-month probationary period, you will begin earning vacation at 80 hours / year and are eligible to sign up for our matching 401k plan.
