

“Communicating Your Career Aspirations with Your Manager”

February 27, 2025: 4pm – 5pm (HST)

Who is this for? Recent graduates who are navigating a new career, a soon-to-be graduate, and mid to late career managers of engineers.

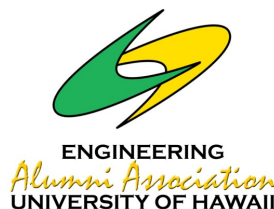

How is this relevant? This is an opportunity to hear experiences and thoughts from mid-to-late career managers who have moved into leadership roles themselves and currently mentor others.

Topics to be discussed:

Using an AI platform such as ChatGPT is great in providing broad guidance on this topic. What we want to share on top of that is real-life experiences that provides additional guidance based on unique factors such as:

- Cultures
- Industry norms and/or restrictions
- ..and others

Also hear from the panelists as they share their best practices and/or techniques to have these critical discussions.
